A unique Know-How.

French cast-iron founder and enameller.

Established in the Champagne-Ardenne region in 1924, Invicta designs and manufactures traditional cast-iron casseroles to delight those who love authentic, characteristic flavours associated with slow cooking.

This is no longer a secret; cast iron is the ideal material for cooking since it can spread and retain the heat evenly for a long duration of time.

The taste and aromas of a slow cooked cast iron dish remain intense and the natural colours of foods are naturally preserved.

VAP'FONTE

There is nothing better than a cast iron slow cooked casserole combined with a steamer for a healthy alternative style of cooking. Over-under combination ideas :

- From bottom to top, meat stewed in the casserole, small vegetables cooked in the glass basket in the stewing flavors.
- From top to bottom, in the steamer, fish cooked in the flavors of a vegetable julienne slowly cooked in the casserole.
